Cover

298A Fire Protection Equipment

Price: \$ 31.00 8 1/2 " x 11" - 72 numbered pages

For recording Maintenance - Inspections - Tests - Repairs, etc. for a period of two years.

The most widely used book of it's kind in North America. First introduced by Log Books Unlimited in 1980.

Designed with input from Fire Departments, The Fire Marshalls Office and many Fire Protection Service Companies, we have produced a very user friendly book that enables you to record maintenance, inspections and tests on all necessary items in the Fire Code including: Emergency Power Systems - Emergency Power Generator - Emergency Lighting - Fire Extinguishers - Fire Alarms - Voice Communication - Standpipe System - Sprinkler System - Hose Stations - etc.

Having a bound and sewn hard cover with numbered pages, the Book will provide you with a legal document which will reduce your liability should a fire occur.
